4th of July CELEBRATION.

Our Fourth passed off very pleasantly. The raising of the Stars & stripes firing of cannons, and music by the Bands announced to the citizens of this sunny burgh that the glorious 4th had come. Then came the procession. The first division under Capt Sitting Bull was led by the Martial Band following by a magnificent float upon which was seated King Wattman in all his glory; on each side mounted on richly caparisoned steeds, were his royal body guards bearing a large banner upon which was inscribed "Our Carnival King in search of his Queen." The King would not have taken first prize in a beauty show, but there were no flies on him for the marshal had kindly provided two small boys to keep them off. The next of note was a crimson imp from the lower regions, with horns and tail all complete, mounted on a striped horse whose main recommendation was his age. Then came a chariot drawn by a venerable steed whose fine points were plainly visible, and presented a variety of lights and shadows as the sun shown over the most prominent parts. Comfortably seated in the chariot were two almond eyed damsels from the Flowery Kingdom, who seemed to be trying to

make love to the King. Space will not admit of a full description of the gorgeous pageant. They had no Chinese Dragon to scare little children, but they had a King.

At 9:30 a. m. the bell was rung, and the citizens assembled at Tabernacle, at 10:15 the assembly was called to order by master of ceremonies R. A. Morris after which the programme was rendered in a creditable manner by all who took part, and as usual the ladies stood in the front rank. The Sentiment "Our Revolutionary Mothers" by Mrs Hardy was very fine, every word being worth remembering, and the address to "Our Flag" by Miss Bigler was a fine piece and well rendered, and we must not forget Charlie Higgins for his recitation took the house by storm, as usual.

At 12 m the Choir and Bands sat down to an ice cream sociable which was prepared for them by the Committee on refreshments.

During the after-noon out door sports were indulged in by the young which was enjoying by everybody, spectators as well as participants, and in the evening a free and easy sociable party was held at which everybody enjoyed themselves.

The only hitch in the program was the Broncho Busting, Tournament, the first cuyuse lassoed keeled over and broke his neck and the ballance were turned out.

Mrs. Rhodie Noah, of this place was taken in the night with cramping pains and the next day diarrhoea set in. She took half a bottle of cordial but got no relief. She then sent to me to see if I had anything that would help her. I sent her a bottle of chamberlain's Colic, Cholera and Diarrhoea Remedy and the first relieved her. Another of our neighbors had been sick for about a week and had tried different remedies for diarrhoea but kept getting worse. I sent him this same remedy. Only four doses of it were required to cure him. He says he owes his recovery to this wonderful remedy.

Sister Jarvis who started to Salt Lake City to attend the grand celebration, became too sick to go farther than Kanarrh, where she remained and recuperated for a few days, then returned home, and is quite indisposed yet. We hope to hear of speedy recovery soon.

James G. Bleak, voluntary observer, for the department of weather bureau has been corresponding with the government officials of this department and has succeeded in getting the weather forecasts telegraphed to the office here each morning. The operator as soon as the forecasts are received runs up the flag signals indicate the weather for the next 36 hours, that being the length of time for which forecasts are for the state and are not local and we are affected only as the general weather of the state affects us.

Elsewhere in this issue will be found a key by which the signals may be read.

Last summer one of our grand children was sick with a severe boel trouble. Our doctor's remedies had failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave speedily relief. We regard it as the best medicine ever put on the market for bowl complaints.—Mrs E. G. Grogery, Frederickstown, Mo. This certainly is the best medicine ever put on the market for dysentery, summer complaint, colic and cholera infantum in children. It never fails to give prompt relief when used in reasonable time and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cures it has effected. To Trustees And Others. Some Questions Answered By the State Superintendent of Schools.

County Superintendent of Schools Mr. Mosiah Hall, is in receipt of the following letter from state superintendent of school. It is approved by the attorney general and is self explanatory.

Salt Lake City, Utah,
June 22nd, 1896.

At a meeting of the county school superintendents of the state held in this city during the late school teacher's convention, I was requested to issue a circular answering the following questions for the information of many school district trustees. I take pleasure in complying with the request.

At the election for school trustees in the several districts of each county of the state on the second Monday in July, 1896, what will be the essential qualifications of a voter?

Answer: A voter at such election must be a citizen of the United States, native born or naturalized; of the age of twenty-one years or over; shall have been a resident of the State or Territory of Utah for one year, of the county for four months, and of the school district for sixty days, each period so named to be that next preceding the day of said election.

2.—Will women be entitled to vote at this election the same as men?

Answer: Yes.

3.—Will women be eligible to the office of school trustee at this election the same as men?

Answer: Yes.

4.—Will it be necessary for one to have registered in order to vote at this election?

Answer: No.

5.—Will the trustees as judges of election also be judges of the qualifications of voters?

Answer: Yes.
